LOCAL INSTITUTIONS. SHARED DIGITAL INFRASTRUCTURE.

One ecosystem. Four ways to participate.

Catholic institutions own and manage assets independently. The opportunity is to connect project financing, payments, and community access through common tools.

01 / FINANCE

Asset-backed projects

Onboard eligible property, education, healthcare, and land projects with legal structures and reporting.

For institutions & project owners

02 / TRANSACT

CatholicUSD™ payments

A stablecoin designed for 1:1 dollar backing, payments, and donations. Reserve yield supports the Catholic Global Mercy Trust.

For payments & mission funding

03 / ACCESS

Catholic Wallet™

A planned access point for digital assets, transfers, and participation across the ecosystem.

For holders & communities

04 / ENGAGE

Acutis Game™ & learning

AI, Church history, and interactive missions connect schools, parishes, families, and young people.

Development previews available

Catholic Token™

The ecosystem's utility and reward token, connecting participation with project-linked demand.

\$187.5K / yr

Recurring token purchases

75% of a 0.25% annual fee

Planned liquidity channel: eligible holder sell requests → institutional buy orders → matched execution through approved custody.

START WITH COMMUNITIES THAT ALREADY EXIST

Community opens the door. Products bring people back.

01 Originate institutional projects

Engage faith-aligned asset owners through investor outreach and institutional introductions. Onboard eligible projects through review, structuring, and reporting.

02 Reach schools, parishes, and families

Use Acutis Game, Catholic media, creators, and community partnerships to introduce the ecosystem through learning and participation.

03 Connect participation to useful services

Bring wallet access, CatholicUSD payments, donations, and project participation into the same experience.
